

GENERAL INFORMATION

Technical programs are intended to provide students with education that leads to employment after approximately one or two years. A student may earn a certificate and/or an Associate of Applied Science degree in the programs as listed on the following pages. **These programs of study are not intended for transfer; however, some programs have bachelor's degree linkages. Consult a SWTJC counselor for more information.**

Admission Requirements

Students are admitted to the technical programs through regular college admission procedures (*see Admission Regulations section*).

Students enrolled in an A.A.S. program must adhere to SWTJC TSI requirements as noted in *TSI Information and Requirements* in *Admission Regulations* section of catalog. Students enrolled in one-year Certificates, which require 42 or less semester hours, are required to take the Accuplacer prior to enrollment unless they are exempt under TSI requirements (See Exemptions from TSI.) Students enrolled in these one-year certificate programs may not be required to meet all TSI and/or developmental requirements. Refer to individual certificate program requirements. Enrolling in courses other than those required to complete the certificate program requires the student to meet all TSI and/or developmental requirements.

Tuition and Fees per Semester

Regular tuition and fees are charged for all of the technical programs as listed in this section (*see Finance section*). Additional fees required for technical programs are listed individually under each program.
